

25.1.5 Inserting Text Box

Text box is used to add text anywhere on your slide.

To **add the text**, follow the given steps:

1. Select the slide where you want to add a Text Box.
2. Click the Insert Menu.
3. Click Text Box from the Text group.
4. Drag to draw a textbox where you want to add text.
5. Type whatever you want using the keyboard and click anywhere outside the text box.
